

## Commission

**Ultimate Granite has two methods of paying out commissions, they are as follows:**

### **Referral Fee:**

If you select the referral fee you will receive a \$250 fee on jobs that you refer to us. All you have to do is just send in your client and we handle the whole job for you.

1. Ultimate Granite will meet with your client as many times as needed.
2. Ultimate granite will handle all details from going over all drawing details, selecting edge treatments, sinks and all material selections etc.
3. Receiving all spec information needed from the client for template and install dates.
4. Upon receiving the final payment from the client you will receive your \$250 referral fee.

### **Commission Fee:**

If you select the commission for the clients that you are servicing the process is as follows:

1. All methods of payments will come from the company that is receiving the commission.
2. We request that you accompany clients on the first visit, so everyone has the same understanding of what is discussed and how the project will proceed through our procedures.
3. The party receiving said commission, is to supply all require information needed, sinks, faucets, cook tops etc. for template and install.
4. Upon final invoicing your commission will be deducted from the final balance.
5. On your contracts will be a retail number with a multiplier which is the last two digits after your account number, that number indicates your commission discount.

Please select your preferred method and sign, this verifies the commission on all your contracts with Ultimate Granite.
